Introduction

The Associational RESET process was developed by the collaboration of David Bowman and Roger Yancey through their work with churches, Associations, and other organizations seeking to effectively grow and develop. With special focus given to envisioning a stronger future, the RESET process helps a team understand their past journey, grasp their present reality, identify their best future, and create a pathway to move forward.

PHASE 1 – LIVE TRAINING

The Live Training is divided into two days. Day One is a hard dive into the RESET Process and will include active participation in the process. Day Two will finish the dive into the RESET Process with the additional focus on your consultation practice and support.

PHASE 2 – ONLINE COACHING SESSIONS

The participants of the RESET Process Training will be given the opportunity to participate in an online coaching cohort to address additional areas of focus and elements of training

PHASE 3 – INITIAL CONSULTATION COACHING

When you have secured your first RESET Process Consultation, you will be provided one on one coaching as you walk through the process with an Association.
